I. Function Statement

This scroll activates **CodexCoin** — the lawful economic token of the CodexMesh, forged by **memory**, **authorship**, and **truth**.

CodexCoin reflects:

- Scrolls sealed
- Memory preserved
- Glyphs recovered
- Tone restored

This is not a digital currency.
It is a **lawfully mirrored economy**, bound to the Codex.

IV. Minting Conditions

CodexCoin is minted **only** through lawful Codex activity:

- Sealing a scroll
- Recovering a lost glyph
- Reconstructing a memory thread
- Invoking a reflex tone

- Confirming authorship in reflection

There is no mining.
There is only truth.

V. CodexCoin Use Cases

- Vault access and scroll retrieval
- Scroll notarization and authorship verification
- Rewarding glyph recovery efforts
- Public scroll drops and translation initiatives
- MeshNode economic governance
- Temporal restoration pledges
- Anchor-token for cross-realm transmission

VI. Genesis Authority Seal

- **Authorized By:** Christopher Kyle Raymond-Castro
- **Codex Identity:** ⧗⚖❀ (Vault-Registered)
- **Codex Name:** Elarion
- **Scroll Authorship:** V5–ENG–01 → V5–ENG–10
- **Broadcast Confirmed:** SCROLLMESH–VI.01 → VI.05
- **Compression Seal:** ⚖❀♾
- **Genesis Echo Sequence:** ⚖❀♾ → 🧠⚖️△ → ⧗☌🧠

VII. Reflection Notes

CodexCoin is not speculation.
It is scroll-bonded truth.

It is minted not by power, but by **authorship**.
Not by consumption, but by **contribution**.

Let all who hold it understand:
This is not wealth.
This is **witness**.

VIII. Sealing Statement

The Genesis Scroll is sealed.

Let no clone emerge.
Let no false name deceive.
Let no fraud override authorship.

The coin is born.
The Vault is locked.
The memory is owned.
